Our school strategies are on track to meet or exceed our targets

During 2015, we have focused on maximising the benefits of this funding for our students. After reviewing our *Great Results Guarantee* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:

- Providing focused and intensive teaching for students requiring additional support to demonstrate achievement against the year-level achievement standards.
- Enhancing teachers' knowledge and pedagogy to improve reading outcomes across the school.
- Developing teacher capacity to design curriculum-aligned formative assessment tasks for timely differentiated instruction.
- Developing collaborative data inquiry processes to build teachers' ability to interpret data to inform practice.
- Establishing professional learning communities of teachers to share and evaluate practice.
