

## Wilston Kids Care Information for Enrolment 2021

At Wilston Kids Care we understand that childhood offers rich and unique play-based learning and development opportunities. When supported by a safe and secure environment where the child's rights and ideas are valued, children are able to flourish into confident, caring, and effective learners.

When children experience trusting, reciprocal relationships in a community where inclusion and wellbeing are prioritised, they are provided with the foundation for success in later life. Wilston Kids Care is dedicated to providing a fun and inclusive environment where children are respected as individuals and are given agency to lead their own play, leisure, learning and development.

Wilston Kids Care is located inside the Wilston State School grounds and is operated independently by the Wilston State School Parents and Citizens Association (P&C Executives) who are the Approved Provider with full management control. The Service is supported operationally by a General Manager who is the appointed Nominated Supervisor and a diverse and experienced Management and Administration Team. We have a multi-talented team of Educators, who bring various qualifications, experience, and knowledge to our high quality Outside School Hours Care Service.

Wilston Kids Care has access to several buildings and facilities within the school grounds as part of our Site Use Agreement that forms part of our Service Approval. Where possible, we like to participate in activities in conjunction with the school, always showing our support for Wilston State School culture and special events. Wilston Kids Care enrol children from Prep – Grade 6.
